

UNITED STATES GOVERNMENT

Memorandum

25X1A

TO :
CC : ASD, GSD, SMS
FROM : DAD/S&D

DATE: 10 November 1964

25X1A

SUBJECT: Disposition of Optical Tracking gear for Project

On 23 October you received a copy of the memorandum to the AD/OEL pertaining to the disposition of the optical tracking gear for Project . Since this equipment will deteriorate to some extent in storage and since it will probably be forgotten after some period of time, I feel that it is important that you develop a plan for the disposition of this equipment. I would like this plan to consider any possible uses of the equipment in any programs for which ASD, GSD, or SMS might be contemplating. Please let me have your recommendations by 20 November.
